

To Members Of The Paupackan Lake Association

There is a serious problem at the bus stop at the beach parking lot that requires your help. The Wallenpaupack bus loads and unloads students in the morning and afternoon. The problem is being caused by drivers who do not obey the rules pertaining to the school bus.

The rules are simple. When the red lights on the bus are flashing, you must not pass the bus because students are loading or unloading off the bus. The state will issue a fine of \$250 to those who violate this law and our security will also issue a \$100 traffic violation to people who fail to obey the rule. This is a simple matter of the safety of the children in our community.

There is no reason for anyone to pass a bus doing what it is intended to do—take children to and from school safely. Your cooperation is welcomed. Please obey the law and do not pass the bus when the red lights are flashing. Do not cut through the lot as the children are going to the bus through the lot. Park carefully if you are dropping off or picking up children that ride the bus or the vans.

Thank you for your help in this matter.
